Dear Mr President.

I have read in the Paper and heard on T.V. the Warren report, so now I wish you could do some thing about Officer M. N. McDonald He dosn't ask for money just an award of some kind. He risked his own life to capture Oswald just ninety minuts after he shot our President. I hope that some thing will be done about it now. I am sending the letter that I recieved from him.

I have always been a Republican but this year my vote goes to you.

Sincerity
